A FALSE ALARM.

Singular Source of a Startling Rumor of the Destruction of New York.

From Mexico City there comes in a private letter this story of how the rumor became current there in April of the destruction of New York, reports the Times.

"On the afternoon of the 3d inst. there was a rumor here of a terrible earthquake and cyclone in New York. Everybody talked about it, and each one had a worse tale to tell; half New York was destroyed, with 1,000,000 people. Think of my anxiety! I was afraid to telegraph. At last I made up my mind to do so, but when I reached the cable office they showed me a telegram just received in reply to an inquiry, which read: 'Not a word of truth in it.' I was greatly relieved. It seems that two Spaniards who live here and who had been on a visit to Europe returned to New York that day. They are known among their friends here as 'Earthquake' and 'Cyclone,' and are besides great eaters. One of their friends in New York telegraphed to a friend here: 'Earthquake and Cyclone arrived; have swallowed up half New York.' 'This was the cause of the whole thing.'"

Just Another Chance.

For cheap rates to California: \$30.00 from St. Louis, \$25.00 from Kansas City. These rates will be withdrawn June 15th. Don't neglect this opportunity. Tourist car through to San Francisco, without change, leaves St. Louis every Tuesday 8:32 p. m., on the "Katy Flyer." Ask for information. Address "Katy," 504 Wainwright, St. Louis, Mo.

"I sometimes has my suspicions," said Uncle Eben, "dat de chronic gossip hab a guilty conscience an' is abusin' 'is neighbors in self defence."—Washington Star.

A DANGER SPOT.

A dangerous spot for pain is the small of the back; it tells of Kidney ills as do most pains and aches in the back. Kidney ills begin with backache and end with Diabetes, Dropsy, Bright's disease, Cure Kidney and Bladder troubles before they reach the serious stage.

Read how easily it can be done.

W. J. Hill, of 40 South Union Street, Concord, N. C., proprietor of hardware and harness store, Justice of the Peace, and one of the best known residents of that city, says: "Doan's Kidney Pills proved a very efficient remedy in my case. I got a box at the Gibson Drug Store and used them for disordered kidneys and backache from which I had experienced a great deal of annoyance, trouble and pain. The kidney secretions had bothered me for a long while, were very irregular, dark colored and full of sediment. The Pills cleared it all up and I have not had an ache in my back since taking the last dose. My back is much stronger and my health generally improved a great deal. I am glad to make a public endorsement of the Pills trusting that it may be the means of relieving some other sufferer."

A FREE TRIAL of this great kidney medicine which cured Mr. Hill will be made on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 cents per box.

A Queer Old Geography.

Among the interesting old books and papers belonging to the late Edward W. Wells, of this city, was a geography that lets in some light on the state of general information in the world a century and a half ago. America is "the last quarter of the world" and the "north part of the continent is very little known." The map of North America gives all the region north-west of California as "parts unknown." The great lakes are down as Superior, Illinois, Huron, Erie and Frontenac. "N. England" is all one little patch reaching up to the St. Lawrence. Louisiana occupies most of the middle country. The "Oyo" river is the name of the Ohio. The chief town of New Jersey is said to be Elizabeth Town. The climate is thus explained: "In the north are vast unknown Mountains, perpetually covered with snow, from whence the Winds blowing the greatest part of the year these countries become much colder than those in Europe in the same latitudes." It is interesting to note that this work that is more than a century and a half old should advocate quite vigorously the construction of canals across the Panama and Suez isthmuses.—Hartford Courant.

Naval Cadets.

The number of naval cadets is limited according to the following rule: Each member of the house of representatives is entitled to name one candidate to represent his district until he graduates, resigns or is discharged. In addition the president has the privilege of appointing one and ten annually at large. Two examinations for admission are held each year, one in May and the other in September. The requirements of each candidate are: He must be between 15 and 19 years of age; he must be physically sound and able to pass a creditable examination in English grammar, United States history, geography, arithmetic and algebra as far as the theory of quadratic equations and their practice. The pay of a naval cadet is \$500 a year, beginning with the date of admission.—Chicago Chronicle.

Something of a Puzzle.

"I don't understand it all," he said. "Understand what?" she asked. "Yesterday," he explained, "you tried on your bathing suit, and I happened to see you in it at the hotel." She blushed and admitted that he was right.

"Thereupon," he continued, "you screamed and ran away."

Again she admitted that he was right.

"But to-day," he went on, "you have promenade up and down the beach in it in sight of everybody, and there hasn't been even a suggestion of a scream. I don't understand it at all."

Neither did she, but of course she didn't admit it.—Chicago Post.

Close Quarters.

"Colonel," said the fair girl, "I suppose you have been in close quarters often, have you not?"

"Well, yes," the warrior answered; "in fact, I was in mighty close quarters only about a week ago."

"Indeed! Where was that?"

"At a wedding reception where 350 guests all tried to get in a ten by twelve parlor at one time."—Cleveland Leader.

A Clear Case.

"It is my opinion," said the wise man, "that the tax on tea is a righteous one, but that the tax on tobacco is an outrage."

"But how do you make that out?" asked an admirer.

"Make it out?" thundered the wise man; "isn't it self-evident? I don't use tea, but I can't live without tobacco."—Boston Transcript.

LIFE IS SWEET

even to the farmer, with his endless trouble and worry about weather, crops and insects.

A man can forget his business cares, but he cannot forget a sickness that stays with him (or any member of his family) constantly, day and night.

And if, after trying many different kinds of medicines and drugs, his sickness still keeps on, a man begins to feel as if all his work was in vain.

Life is sweet—but only if you can enjoy it.

If you are sick, or suffer in any way from weakness of any organ of your body, please read the following very carefully, for it may be that we can point out to you a way, both pleasant and safe, by which you can be relieved from pain and sickness, and your life made worth enjoying:

In the first place, put out of your mind the idea that disease is a NAME.

The name is nothing. It hardly matters at all WHAT, you think, or others say, you are sick from.

WE say, and the most advanced medical science of the day says, that if you are sick, IT IS BECAUSE YOU ARE WEAK.

And the very first thing to do, naturally, is to BUILD UP YOUR STRENGTH. Now, don't go away with the notion that because you have a good strong muscular frame, you are therefore SAFE.

You may be strong PHYSICALLY, but weak VITALLY.

Your internal arrangements need building with Ozomulsion.

Ozomulsion is concentrated, bottled vitality. A Blood-Making Food.

By taking it as a building, medicated, vitalizing food, your organs will be able to get rid, in nature's way, of any disease that now affects them.

Ozomulsion Food is made of the purest cod liver oil, impregnated with vitalizing salts, which regenerate the entire constitution.

Get well; get strong; enjoy yourself. Trust your health to Ozomulsion.
